THE EXPERIENCE

Indoor Meetings & Conferences

Miller Lash House, built in 1913, is the first poured concrete house in Canada. Typical of the Arts and Crafts period, the materials used in the house, both inside and out, all come from the surrounding area. Just one example: the stones adorning the house are from Highland Creek which runs along the property. The rooms of Miller Lash House are rustic, warm and inviting and are all furnished with antique pieces from the Arts and Crafts period. The two **Principle Rooms** provide a beautiful backdrop for meetings and presentations or for dinners for up to 60 or cocktail-style receptions for up to 110 guests. Adjacent to the main reception room is a screened-in porch overlooking Highland Creek Valley. This charming space can serve as a lounge or breakout area during the warmer months.

Miller Lash House also offers a number of individual meeting rooms or break out rooms for smaller groups of 2 to 8 people.

Should your conference include social events, our tent also has an excellent sound system and dance floor.

Adjacent to the tent, is a small stone cottage housing guest washrooms.
